Våbnet skal under transporten om muligt være adskilt ved afmontering af hoveddel (Bundstykke/forskæfte/glideskinne).
Den afmonteret del skal transporteres i passagerens øvrige ind-tjekkede bagage ligesom evt. ammunition, der skal være i original eller anden forsvarlig emballage.

*The weapon must be separated during transport by removing the main body (bottom piece/forefinger/sliding rail).
The disassembled part must be transported in the passenger's other checked-in luggage alongside eventual ammunition, that must be in original or other proper packaging.*
